

# York & District Amalgamation of Anglers.

## Newsheet 347 (05.16.)

---

**“PRESS” ANGLING COLUMN.** It seems that the new regime recently put in place following ‘economies’ has decreed that information supplied to them will be published on an ‘ad hoc’ basis, as and when ‘space’ is available. Therefore it is not a given that the angling information (results, bookings, etc.,) will be specific to Friday’s editions. Anglers should seek out “Fixtures, Results & Tables on one of Wednesday, Thursday, Friday or Saturday. Or, rely upon our own information on the website [www.ydaa.org.uk](http://www.ydaa.org.uk).

---

**ANGLING TIMES.** Under The new format, (much easier to handle) it has been decided that the “What’s On” column will now only appear ‘on-line’. This can be accessed by inputting their “atmatchresults.com website. Whether this is an improvement on having it within the content of the magazine remains to be seen.

---

**LICENCES 2016/2017.** These became due for renewal on 1<sup>st</sup> April. If you are challenged and cannot produce current documentation the least that can happen is that you would be requested to leave the water. If the full force of the bailiffing system falls upon you it could mean confiscation of your tackle and a hefty fine, possibly culminating in a jail sentence. Always carry your documents with you, in an easily reachable place for showing to the authorities.

---

**PALACE INGS.** The contractors have not yet finished here, hopefully all works will have been completed by next month, in time for the season opening.

---

**SELLARS’S WATER.** Negotiations of this are still actively in hand and it is hoped that next month’s Newsheet will have some good news.

---

**HEMINGBROUGH POND/BURN ROAD POND.** Over the next few weeks contractors are to be employed to de-weed these two ponds. If you intend fishing there please be conscious of the works being a carried out for your benefit and respect what they are doing. Other maintenance works will also be carried out at the same time.

---

**NABURN WATER.** Arrangements are in hand for this water to be ‘signed’ in accordance with the Canals & Rivers Trust corporate signage.
