

York & District Amalgamation of Anglers.

Newsheet 353 (11.16.)

NEWS. We are now coming to the part of the year where it is more and more difficult to find items for inclusion in the Newsheets. Members are asked to bear with the Editor until matters of interest come up that may be reported in this document.

A. G. M. NEWSHEET. There will not be an issue of the Newsheet after the A. G. M., but results of voting at that meeting will be made available on the website regarding the Notices of Motion to be discussed. The next issue will be after the December meeting.

YORK & DISTRICT WINTER LEAGUE. As a club affiliated to YDAA it should be noted that all anglers taking part should be in possession of a current York membership card (plastic) and carry it with them at all times when fishing.(Affiliated Club Match Rules, no. 6, page 11 of the “Rules, Directions and match Guide 2016”. Membership is at half price from 1st October each year and will cover the first two matches of the series, for the remaining matches a new card is required and this will then cover those early year matches and the first two of the next series in the November/December of that year. It is intended for cards to be checked during the current series of matches.

POCKLINGTON CANAL Following a recent meeting with the Canals & Rivers Trust an area of parking for disabled anglers has been made available at Melbourne Marina to the left of the entry.

Please park carefully and neatly.

NABURN WATER. At the time of writing, some ten pegs have been cleared above the cut, with more to follow.

SICKNESS. At the present time two of our senior (aged) committee men are temporarily in hospital, we wish them a speedy and successful recovery.
